EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 9, 2006 requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 15-0030 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please Change the **title** to reflect the allowed subject matter:

Clostridium perfringens beta-2 toxin signal sequence, promoter and recombinant prokaryote host cells comprising them.

- In light of **Ochiai/Brouwer Rejoinder**, Claim 90 is being rejoined to depend from allowable claim 86.
- Please cancel claim 91.

Please Amend claim 42, paragraph b, line 4 word 7, delete the article [a].

Art Unit: 1645

2. The following is an examiner's statement of reasons for allowance: The instantly claimed promoter sequence and signal sequence of *Clostridium perfringens* beta2 toxin is not taught nor reasonably suggested by the prior art of record. The promoter and signal sequence are functional in bacterial host cells, wherein the bacterial host cells comprise a vector (see page 9, line 5, instant Specification) that may comprise two origins of replication, one functional in *E.coli* and the other functional in bacteria of the *Clostridium* type for expression of a heterologous coding sequence, referred to as a "transgene coding" sequence in the instant Specification (see page 10, lines 10-14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ginny Portner whose telephone number is (571) 272-0862. The examiner can normally be reached on M-F, alternate Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynette Smith can be reached on (571) 272-0864. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
